Entries submitted online are not finally accepted until the entry declaration sheet has been received by the designated Entries Administrator.

- 5.3 All entries must be received by the designated Entries Administrator for the Championship by the specified closing date. The closing date shall be no earlier than 42 days before the first day of the Championship.

An additional 3 days will be allowed following the specified closing date, for receipt of the entry declaration sheet and provisional team declaration forms.

After all entries have been processed, clubs will be invoiced by e-mail for the fees for accepted entries. Payment must be received within 7 days of the issue of the invoice.

Late entries will be considered for individual events providing

- There is space available
- The entry time must be equal to or faster than the automatic qualifying time for the event
- A supplement of 100% of the normal entry fee, per event, is paid

- 5.4 For all individual events, the Swimming Manager shall set automatic qualifying times and may set base level qualifying times. Both short course and long course qualifying times shall be published. Swimmers must submit a time for each entry on or after a date to be published on the entry form for the competition. Submitted times may be either short and/or long course. All long course (50m) times will be automatically converted by the use of the published ASA Equivalent Performance Tables for the purpose of accepting entries and seeding. All times must be eligible for inclusion in the rankings published by the ASA and set in competitions licenced at level 1, 2 or 3. South East Region reserves the right to validate times against the ranking published by the ASA and/or to ask for proof of entry time. Entries may be amended up to closing date. Subsequent improved times will not be accepted.

- 5.5 All swimmers who have achieved the automatic qualifying time shall be accepted for that event. If there is space available, swimmers who have not achieved the automatic time for an event, but have achieved the base time may be accepted. Those swimmers who are closest to the automatic time shall be accepted first. The numbers of additional swimmers that can be accepted will be determined on an event by event basis, with a maximum number of heats per event as follows:

- 50m events 6 heats
- 100m events 6 heats
- 200m events 5 heats
- 400m events 4 heats
- 800m/1500m events 3 heats

- 5.6 Notwithstanding condition 5.5, in the interests of safety and to ensure the smooth running of the Championships, the Swimming Manager reserves the right to restrict the number of entries in any event, in which case, the swimmers with the fastest submitted times shall take preference.

- 5.7 Any swimmer submitting an ineligible entry, will have that entry rejected and will forfeit the entry fee. Any swimmer whose entry is not accepted as a result of limiting the number of entries will have their fee refunded.

- 5.8 By submitting an entry, entrants are implicitly accepting that entries will be processed using a computer system. Entrants may request that details are not displayed on the web site, but need to be aware that entry confirmation and results are not made available in any other form.

6. CONFIRMATION OF ENTRY

- 6.1 The Entries Administrator shall make reasonable efforts to despatch confirmation of entry for all accepted entries at least 7 days before the first day of the Championship. Where possible, this confirmation will be sent by e-mail.
- 6.2 Swimmers should check their entry confirmation carefully. Any errors found must be notified to the Entries Administrator at least 3 days before the first day of the Championship. South East Region will make every effort to correct any error reported by this date, irrespective of the source of the error. Subsequent to this date only errors introduced by South East Region will be corrected.

7. MEET PROCEDURE

- 7.1 There shall be separate events for males and females.
- 7.2 A withdrawal system will be in operation. Club representatives are expected to submit withdrawal forms for swimmers who are not intending to swim no later than 45 minutes before the advertised starting time of the first event in the session. Provision will be made for clubs with no representative present to submit notification of withdrawals by telephone and via the Region's Web site. A fine of £10 will be levied in respect of each competitor who fails to withdraw and does not present themselves at the start of the event (except in the case of genuine illness or of a proven emergency).
- 7.3 **Heats and Finals**
- 7.3.1 If finals are arranged in a separate session, the promoter reserves the right to restructure the programme with finals integrated into the same session as the heats for the same events, in the event that it is not possible to attract sufficient technical officials and non-technical volunteers to meet the minimum requirements defined for licensed competitions.
- 7.3.2 In finals, the maximum number of places practicable shall be allocated. A maximum of four reserves shall be declared for each final.
- 7.3.3 The names of finalists and at least two of a maximum of four reserves shall be announced as soon as practicable after completion of the heats. Announced finalists and reserves not intending to swim shall withdraw by completing a withdrawal form, as soon as possible, and in any case no later than the announced time determined by the promoter. For boys/men, this will be 5 minutes after the announcement of finalists for the last boys/men final; for girls/women, this will be 5 minutes after announcements of finalists for the last girls/women final. All finalists who have not withdrawn, including reserves must present themselves for the final.

- 7.3.4 A fine of £10 will be levied in respect of any competitor or team withdrawing from a final after the time allowed (except in the case of genuine illness or a proven emergency).
- 7.3.5 If a finalist withdraws within the time allowed, the final shall be reseeded. Where a reserve is brought in after this period, the reserve shall occupy the vacant lane and there shall be no changes made to the allocation of other lanes.
- 7.3.6 Heats shall be swum for all individual events of 50m, 100m and 200m. All events shall be seeded from slowest to fastest. In events where there are finals, the final three heats shall be cyclically seeded. The final heat in each heat declared winner event shall be spearheaded.
- 7.3.7 Individual events of 400m and over and all team events shall be decided on heat times and places (heat declared winner).
- 7.3.8 If the number of entries that have achieved the automatic entry time cannot be accommodated in the time available, the promoter reserves the right to designate additional events as Heat Declared Winner.
- 7.3.9 Where finals are arranged in the same session as the heats for that event, swim-offs will not be held. In the event that there are equal times for the slowest place in the final, if sufficient swimmers with equal times do not choose to withdraw, neither (none) of the swimmers with equal times will be allocated a place in the final, that lane or lanes remaining empty. If there is a withdrawal or withdrawals from the final, both (all) of the swimmers with equal times will be allocated a place in the final.
- 7.3.10 A final may not start earlier than 15 minutes after all of the swimmers involved have completed their heat swim for that event.
- 7.4 Time Trials will not be permitted during the Championships.
- 7.5 Competitors are responsible for presenting themselves to the clerks of the course in time for their race. There will no call for missing competitors. If a swimmer does not present themselves for the final, the highest ranking reserve who presents themselves for the final shall swim in the vacant lane.
- 7.6 All penalties for failing to withdraw from an event in accordance with 7.2 and 7.3.4 are payable by the competitor's club.
